Instructor of Geology & Geological Engineering
University of Mississippi

The Department of Geology and Geological Engineering at the University of Mississippi invites applications for an Instructor of Geology. This is a non-tenure nine-month academic position subject to continuous renewal.

Responsibilities
The successful candidate is expected to teach a variety of non-major geology courses and geology courses required for students in the geology and geological engineering undergraduate degree programs, as needed to meet departmental responsibilities. The candidate is also expected to contribute to student retention efforts and advise undergraduate students for the B.S. in Geology program.

Qualifications/Skills
Competitive candidates will have a Master of Science degree in Geology or Geological Engineering, minimum of 2 years of demonstrated teaching experience, strong interpersonal and communication skills, and a commitment to undergraduate education with demonstrated excellence in teaching, student mentoring, and advising. The successful candidate must have academic qualifications required for registration as a professional geoscientist.

Contacts and application
Review of applications will begin immediately and continue until the position is filled or until an adequate applicant pool is established. Apply online only at https://jobs.olemiss.edu Applications cannot be accepted in any other format. If you need assistance with the online application process, please contact The University of Mississippi Employment Office at 662-915-5690. For additional information, contact Dr. L.G. Zachos at lgzachos@olemiss.edu. The University of Mississippi is an EOE/AA/Minorities/Females/Vet/Disability/Sexual Orientation/Gender Identity/Title VI/Title VII/Title IX/504/ADA/ADEA employer.
