Instructions for Ole Miss ArcGIS Pro Account and Software

In a browser, go to https://olemiss.maps.arcgis.com/ and click on The University of Mississippi login option. Login with your Ole Miss WebID.

The home page for the University of Mississippi ArcGIS portal with a background map (example below) should now be visible.
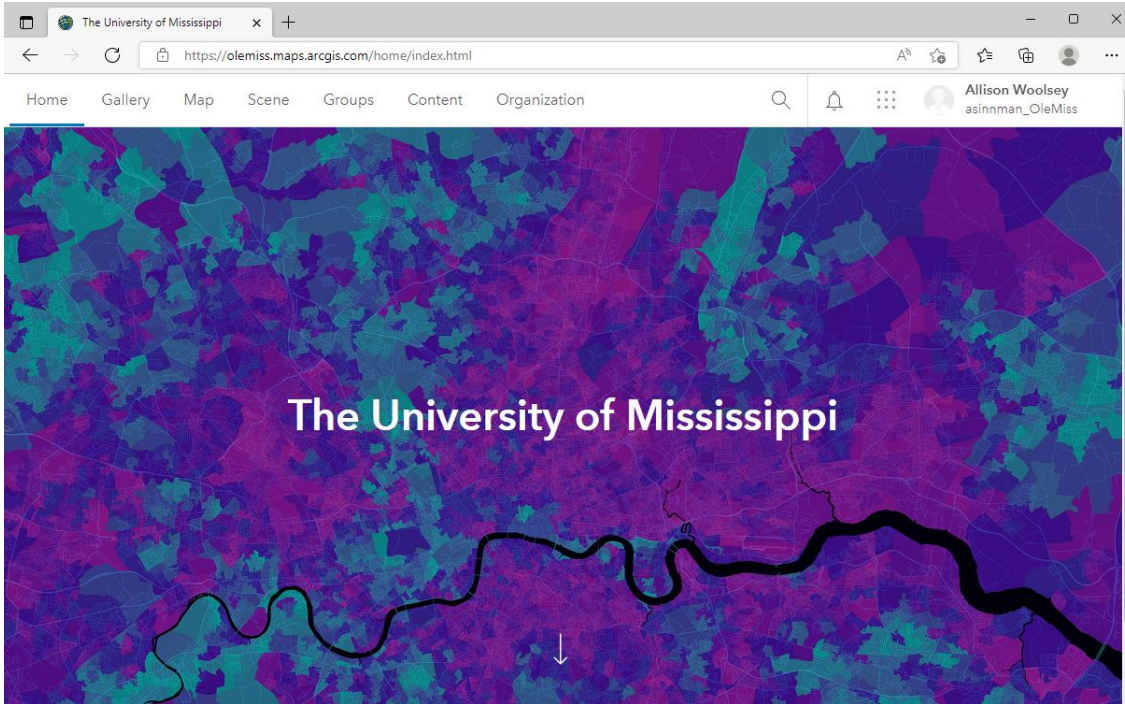

Click on your name in the top right corner and click on My settings, Licenses (left side tab), and scroll down until you see ArcGIS Pro. The download link is on the right.

Follow installation instructions and open ArcGIS Pro after it is finished installing.

A sign in screen will appear. Click "Your ArcGIS organization's URL" as indicated below.
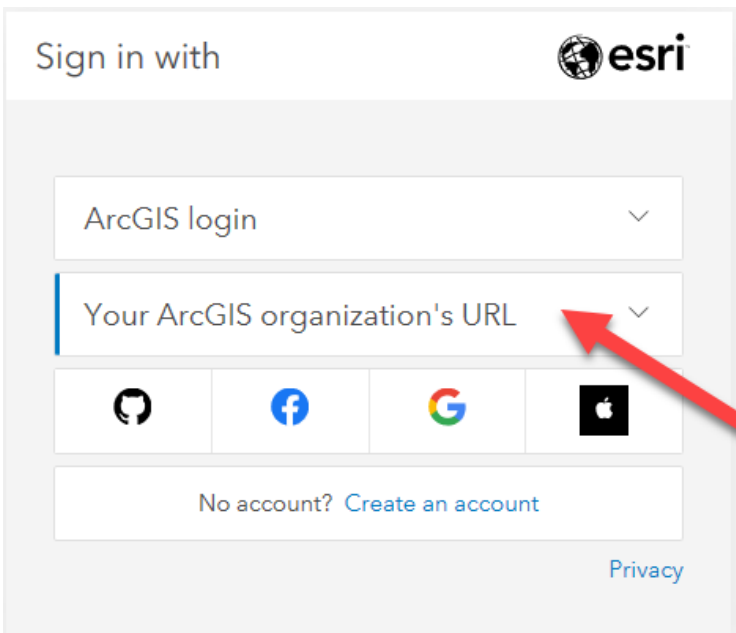

In the area indicated below in the red box, type olemiss so that the URL reads olemiss.maps.arcgis.com. Check the box for Remember this URL.

Click on "Sign in Using Browser" and sign in on the WebID page in order to open ArcGIS Pro.

Depending on your browser, you may have a permissions pop-up. Click on Open Link for ArcGIS Pro to launch.
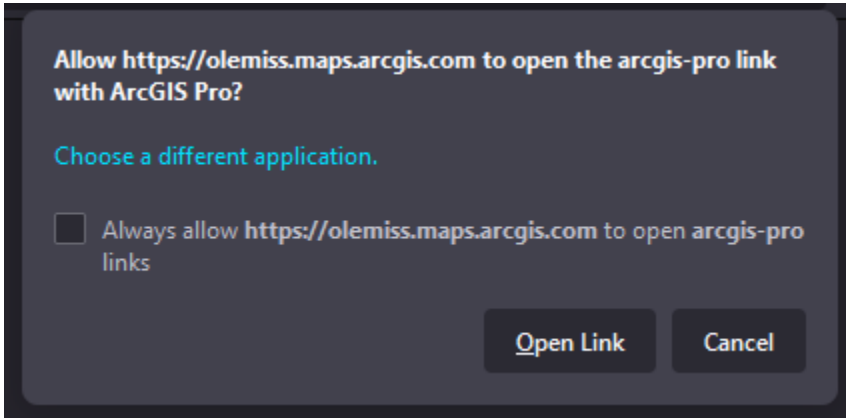

Use the "Sign in Using Browser" option every time you open ArcGIS Pro if you are not signed in automatically.
